WB4 Indicator: shows part weights, total vehicle weight, date, time and ticket number.

Management Full database of trucks, source and destination, commodity, etc; gross, tare and nett weights recorded. All weighbridge tickets stamped with time and date. Database with fully customised reports.

Law Enforcement Full database of truck types complete with fines per axle and groups of axles and gross vehicle overload. Each truck is identified by the number of axles it has and a ticket is completed showing the total fine. Information about the truck, driver and owner can be added into the ticket.
